

Testimonials

Below are just a few of the hundreds of testimonials Integrity Online has received from its customers over the past 10 years.

I'm pleased that more and more questionable sites are being blocked from my 13-year-old son and 15-year-old daughter ever having to see them. Once exposed to filth, it's hard to remove that from their minds. Thank you for helping us prevent that before it happens.

Their Dad and Mom,
Kevin & Donna M.
Bremerton, WA

I am very grateful for Integrity's product, as I am willing to keep my patronage existing in the future. I do however love the fact that I have no block at all on my computer and that I still haven't received any junk mail. Thank you Integrity. However, I do not need to hear your reply to this email, if you ever intended to send one. I just wanted to express my gratitude.

Cordially,
Dr. B.
Phoenix, AZ

I just wanted to say that I appreciate your service very much. I feel safer having Internet in my home with Integrity Online because of the filtering service that it provides. I desire to protect my family, and this allows me to do so. I cannot think of anything that can be improved, but now I know that if I do find something, my input is welcome.

Joanne M.
Turner, OR

Our church applies many tools to protect our network of 25 computers and 5 file servers. We use Exchange, Symantec Corporate Antivirus and Firebox Firewall. Integrity's e-mail/spam/antivirus is one tool that also helps us get the job done with minimal effort and exceptional results. The reports are measurable examples of what is filtered coming our way. Great support too! Thanks.

Jack Walston, Administrator
First Presbyterian Church
Orlando, FL

Our school has never been more pleased with a filter system that protects our students from objectionable subject material. Eagle View Christian School's teachers all agree that Integrity's service has far exceeded our expectations. We appreciate the Site Patrol and their quick responses when we have a question. At Eagle View Christian School, we have nothing but good things to say about the ease and reliability of Integrity's service.

Sylvia Henzel
Eagle View Christian School
Yelm, Washington

With today's technology we communicate a great deal using e-mail and do a majority of our business on the Internet. However, we experienced the "OTHER" part of the technology, "SPAM"

and "POP-UPS." All 16 staff members were wasting valuable work hours trying to sort through the mess. Integrity Online was our solution. They quickly assisted us through the process and the results were almost instantly noticeable. We are completely satisfied with the results, service department, and HIGHLY recommend you sign up today for Integrity Online. You won't be disappointed.

Pat Brophy
